

## **Notice to Senator and Representative of Pending Permit Application**

Senate Bill 709 (84th Texas Legislative Session, 2015) amended the Texas Water Code by adding new Section 5.5553, which requires the Texas Commission on Environmental Quality (TCEQ) to provide written notice to you at least 30 days prior to the TCEQ's issuance of a draft permit for a pending application that is located in your district.

Texas Regional Landfill Company, LP has applied to the TCEQ for a municipal solid waste (MSW) permit amendment which would authorize a lateral expansion of the existing Fort Worth C&D Landfill, a Type IV municipal solid waste facility that accepts brush, construction and demolition waste, and rubbish, to increase the volumetric waste capacity and extend the life of the facility. The application also includes updates and revisions to the landfill's site development plan, waste acceptance, and site operating plans and other supporting permit documents.

Location: 4144 Dick Price Road, Fort Worth, Tarrant County, Texas 76140-7624.

The following link is to an electronic map of the site or facility's general location:

MSW permit application affected: Permit Amendment Application No. 1983D

TCEQ is preparing the initial draft permit amendment for applicant review. At the time the draft permit amendment is issued, the applicant will be required to publish notice in a newspaper of general circulation, and the TCEQ will provide a copy of the notice of draft permit amendment to persons who have requested to be on a mailing list.

Questions may be directed to Mr. Chance Goodin, Manager, Municipal Solid Waste Permits Section by email at [Chance.Goodin@tceq.texas.gov](mailto:Chance.Goodin@tceq.texas.gov) or by calling 512-239-2335.

Issuance Date: January 13, 2021
